12.1 Represents bank guarantee provided to Sui Northern Gas Pipelines Limited (SNGPL) equivalent to the value of three months contractual quantities of gas, in accordance with the terms of Gas Supply Agreement between the Company and SNGPL.

12.2 A Corporate Guarantee amounting to USD 10,000 has been issued by Engro Corporation Limited, Holding Company, in favour of the Company's bank to secure the repayment of foreign currency borrowings to its senior lenders.

12.3 Gas Infrastructure Development Cess (GIDC), which was enacted under the GIDC Act, 2011 on December 15, 2011, was not charged last year by SNGPL subsequent to the decision of the Peshawar High Court and Islamabad High Court, which had declared the levy of GIDC as unconstitutional. However, on December 30, 2013, the Honourable Supreme Court suspended the earlier decision of the Peshawar High Court. As a result, SNGPL on January 1, 2014 has invoiced to the Company the entire GIDC for the year ended December 31, 2013 amounting to Rs. 1,462,315.

During January 2014, the Company filed a writ petition against imposition of GIDC before the Honourable High Court of Lahore, based on which interim relief was granted for the period till December 2013. Accordingly, SNGPL has charged GIDC on invoices for the period subsequent to December 2013. The Company has also included GIDC in invoices raised by it for the period subsequent to December 2013, which have been accepted by the NTDC.

During September 2014, GIDC Ordinance was promulgated after which SNGPL has charged GIDC, both principal and interest on GIDC aggregating to Rs. 1,869,781, in September 2014 invoice, pertaining to the year 2013 as well as for August and September 2014. Subsequently, on October 10, 2014, the Company filed a writ petition against this demand of SNGPL before the Honourable High Court of Lahore and has obtained stay on the same. Accordingly, the Company has not recorded the corresponding liability in these financial statements.

17.1 Last year, on October 12, 2013, the plant was shut down due to breakdown in a machinery which was critical to the operations of the plant. After a series of repair activities the plant operations were resumed on December 27, 2013. The cost of new equipment, repair expenditure due to machinery breakdown and loss of profit due to business interruption are covered under the Company's insurance policy. The insurance company has principally agreed to the settlement of repairs expenditure, cost of new equipment and business interruption loss suffered by the Company, upon submission of the claim alongwith necessary supports. Accordingly, as at December 31, 2013, the Company recorded receivable of Rs. 380,512 from the insurance company in respect of repairs expenditure and loss due to business interruption.

During the period, the Company purchased the new equipment i.e. Gas Turbine Gen Rotor. The cost (net off deductibles) of the equipment has been principally agreed to be reimbursed by the insurance company amounting to Rs. 144,117 which has been recognised as insurance claim receivable. The Company has filed the insurance claim alongwith supporting documents with the insurance company, which is under their review. Further, the Company has recognised a provision for settlement of claim (note 16), in respect of old equipment to be returned to the Insurance Company under the concept of subrogation.

During September 2014, the insurance company has approved a partial payment of Rs. 205,400 which is expected to be received by the Company within 2014.
